The new CC48-RRBY is Ovation's latest addition to the value priced Celebrity CC line. Featuring a highly figured Flame Maple top accented by an inlaid abalone body binding, this new model is dressed to impress as well as play like guitars costing twice it's price.

The CC48 comes with a comfortable super shallow cutaway bowl that pushes out balanced tone volume while the OP-4BT preamp provides easy control when on-stage. Like all other Celebrity models, the CC Series is designed and engineered by Ovation's USA development team.
